

October 1, 2021

Greetings Resident Families, Residents and Team Members,

We completed our most recent round of community-wide COVID-19 testing today. I am excited to report that, again, we have no new positive cases. Currently we have 1 positive case in our community, a team member who is out and will be unable to return to our community until October 5.

At this time because we have completed two rounds of testing with no new positive cases, the Virginia Department of Health recommends no further testing unless we identify any new positive cases.

Beginning tomorrow, we will resume communal dining, group activities and indoor visitation. The Virginia Department of Health recommends that for our residents who are able, masks be worn when inside our community to reduce the risk of transmission. If you are visiting, we also ask that you please wear a mask when inside our community and when visiting your loved ones. Please call our concierge at 540-246-0888 to arrange your visit. Visits can be held daily from 10am-7pm.

Sincerely,

Cristen Hackenbracht, ALFA, CDP
Executive Director
