

June 8th, 2020

Last Friday, June 5th, our Governor Ralph Northam of Virginia is initiating Phase Two for his “Forward Virginia” plan to ease public health restrictions while containing the spread of COVID-19 safely and gradually.

As we continue to follow guidance from the VDH and CDC, maintaining the safety and well-being of our vulnerable senior population remains our focus. As restrictions across the country are starting to be lifted, we are working diligently on protocols to move forward in our Stone Port community. We recognize that you are missing your loved ones, however, want to ensure our residents and staff safety as we ease back on restrictions.

Protocol for our community is still in place and we will continue to practice these safety measures:

1. Social Distancing
2. Mask wearing by all persons entering the building, including residents
3. Screening process for all team members and vendors entering the building
4. Continued screening of all resident every shift.

We are working towards protocol and safety measures to allow for our residents to meet and engage together in more of a communal setting, especially during activities and dining.

At this time we will not be lifting visitor restrictions, however, encourage families to take advantage of scheduling patio visits, facetime and Facebook messenger appointments through our concierge by calling 540-246-0888 to schedule your visit.

If you have any questions, we are here for you. Please call us at 540-246-0888.

Stay Safe!

Beth Wells, Executive Director

Bellaire at Stone Port
